Re: ET Docket No. 04-186

Dear Ms. Dortch

On January 19th, 2011 Robin Roberts, Jim Lancaster and Peter Stanforth from Spectrum Bridge Inc. along with Edmond Thomas of Wiltshire Grannis LLP on behalf of Spectrum Bridge met with Julius Knapp, Alan Stillwell, Bruce Romano, Rashmi Doshi, Steve Jones, Tom Phillips, Joe Dickuso, James Szeliga and William Hurst of the office of Engineering and Technology at the OET Lab in Maryland to present a demonstration of our updated TV White Space solutions and the methods we use to test those solutions against the 2010 TVWS regulations. A copy of this letter is being filed in the above-referenced docket along with the presentation slides used in the meeting. The balance of the presentation was done in real time using an Internet connection to our test and development systems located in Lake Mary, Florida.

Sincerely,
